SWISS GIANTS ARE STURDIEST!

Giant Flowers on Stout Stems

SWISS GIANT PANSIES

FIRST YEAR REPRODUCTION FROM ROGGLI

The Roggli Swiss Giant Pansies are undoubtedly the finest development in pansy history and most authorities agree as to their superiority. We have thoroughly tested them here in the South and we find that they are of extra size and substance, gorgeous colors and beautifully acclimated. We recommend them to you.

EXTRA GIANT—EXCELLENT SUBSTANCE

8080/20 SWISS GIANT MIXED. Excellent colors, variation and best in substance of flowers. Really enormous blooms all season. Pkt., 45c. $\frac{1}{8}$ Oz., \$1.50. $\frac{1}{4}$ Oz., \$2.50. Oz., \$7.50. $\frac{1}{4}$ Lb., \$22.50. Lb., \$85.00.

8090/20 HASTINGS' EXHIBITION MIXED. Largest and finest blend of the true giants. Pkt., 35c. $\frac{1}{8}$ Oz., \$1.25. $\frac{1}{4}$ Oz., \$2.00. Ounce, \$6.50. $\frac{1}{4}$ Lb., \$20.00.

8060/20. (S.&G.) CLEAR CRYSTALS (Mixed) We are pleased to offer this striking new pansy mixture containing truly solid colors—no blotches. Plants compact and with many flowers beginning quite early. Excellent balance of colors. Pkt., 40c. $\frac{1}{4}$ Oz., \$2.25. Oz., \$7.00.

(C/20) Hastings' Super Collection Of Giant Pansy Seed for \$1.95

SPECIAL—One Packet Each of the finest new separate colors of Swiss Giants—Alpenglow, Lake of Thun, Coronation Gold, Raspberry Rose, Swiss White, and Swiss Giants Mixed with its wonderful variety of colors and blotches—\$2.70 worth of the greatest Pansies in existence for just \$1.95. Now is the time to plant. Start seed early.

SWISS GIANTS—SEPARATE COLORS

(All first year from breeder reproduction)

8082/20 SWISS ALPENGLow. Rich red. Shades of velvet red to make your beds glow!

8084/20 SWISS LAKE OF THUN. Blue. Enormous dark blue blotches on lighter blue.

8073/20 SWISS CORONATION GOLD. All America. Clear golden and very bright.

8088/20 SWISS WHITE. Purest white for stunning borders.

8086/20 SWISS RASPBERRY ROSE (Blum-lisalp). Pink. Unusual color adding variety.

Each of above—Giant Pansies (First year reproduction)—Pkt., 45c. $\frac{1}{4}$ Oz., \$2.50. Oz., \$7.50. $\frac{1}{4}$ Lb., \$22.50.

8100/20 STEELE'S JUMBO MIXED.

One year from Breeder. Long accepted as one of the finest mixtures in existence. Largest wavy blooms of all! Pkt., 50c. $\frac{1}{4}$ Oz., \$2.50. Oz., \$8.00. $\frac{1}{4}$ Lb., \$25.00. Lb., \$90.00.

HOW TO GROW BEST PANSIES

CULTURE — Prepare bed deeply and well. Leaf mold, peat moss and decayed cow manure gives best results. Seeds germinate in about 10 days and must not dry out during this period; covering with Vermiculite over the bed prevents drying out. Thin out or transplant to six inches apart in rows and cultivate frequently. During dry weather, water bed daily. July to October, January to March are the best times to seed, allowing plants to develop in vigorous condition. They need only light protection to stand our winters. (Set each plant shallowly but firmly for best success.)

IN A HURRY? USE PANSY PLANTS!

Guaranteed Safe Arrival in Growing Condition

Growing Pansies from seed is always fun and the cost is very modest. There is usually a time and place for fast results which only may be had from well grown plants. The Swiss Giants Mixed are not only large and of good color range but are very rugged with fine substance in each flower. (Set each plant shallowly but firmly for best success.)

In response to a heavy demand we will ship fresh pansy plants of these very finest Swiss Giants (mixed colors only) to our good friends and customers. Ready from October to March. Exact shipping date must depend upon weather. Order early please.

(P/10) HASTINGS' PANSY PLANTS

50 plants for \$1.95. 150 plants for \$4.95. 350 plants for \$9.95. 1,000 plants for \$24.95. Postpaid.

(We cannot ship less than 50 plants)

HYACINTHS - LILIES - AMARYLLIS

And Other Garden Bulb Novelties

BULB PRICES POSTPAID

2645/10 GOLDEN YELLOW CALLA. (Spring only)

AMARYLLIS (MEAD STRAIN)

2605/10 GIANT AMARYLLIS HYBRIDS.

Hardy in most of South outdoors; used as pot plants elsewhere. Enormous lily-like flowers in great heads on strong, leafless, 2-ft. stems. Large ribbon-like leaves come from the bulbs after blooming. No flower is more gorgeous. Plant November to April. Early very shallow planting best. Giant Blooming Size Amaryllis Mixed Colors Only—89c each. 4 for \$2.89. 10 for \$5.95. 25 for \$12.95. Postpaid.

2610/10 DOUBLE AMARYLLIS HELEN HULL.

Gorgeous new development with perfectly double red flowers on long stems. These bulbs are very rare and scarce and we have only a few for this season at \$1.95 each. 3 for \$4.95. Postpaid.

Fairy Lilies

2640/10 ZEPHYRANTHES CANDIDA.

Autumn blooming Fairy Lily with loveliest white flowers. Foliage persists all winter with some protection. Ready in August-September. 12 for \$1.75. 25 for \$2.95. 100 for \$7.95. Postpaid.

2641/10 ZEPHYRANTHES GRANDIFLORA.

Rosy red. Large summer blooming Fairy Lily. Very lovely. 12 for \$2.25. 25 for \$3.95. Postpaid.

2642/10. ZEPHYRANTHES SULPHUREA. Yellow. Unusual colored Fairy Lily to add novelty. 12 for \$2.25. 25 for \$3.95. Postpaid.

Magic or Spider Lilies

2661/10 LYCORIS RADIATA.

(Red Spider Lily). Many rich red blooms on bare slender 18-24 in. stems suddenly appearing in late summer after foliage is dead. 6 for \$1.25. 12 for \$2.25. 25 for \$3.75. Postpaid.

2662/10 LYCORIS AUREA.

(Yellow Spider Lily). Lovely bright yellow flowers on bare stems in summer. 3 for \$1.25. 12 for \$3.95. Postpaid.

2663/10 LYCORIS SQUAMIGERA.

(Halls' Pink Amaryllis). Most beautiful of all with daintiest pink flowers. (Midsummer) 3 for \$1.45. 10 for \$3.95. 25 for \$7.95. Postpaid.

2664/10 LYCORIS ALBA.

(White Spider Lily). New and very novel. \$1.00 each. 3 for \$2.75. Postpaid.

TRUE LILIES

3040/10 TRUE EASTER LILY.

(Choice Bulbs). The popular type for Easter forcing or to bloom earlier or later outdoors depending upon climate. Selected bulbs for many large flowers. 75c each. 3 for \$1.95. 6 for \$3.45. 12 for \$5.95. Postpaid.

3035/10 SOUTHERN REGAL LILY.

(Choice Bulbs). Plant November to April. Most satisfactory true Lily for most Southern gardens. 3-5 ft. stems with large, wide trumpet flowers in June. White suffused pink and canary yellow throat; very fragrant. 3 for \$1.55. 10 for \$3.95. 25 for \$7.95. Postpaid.

3038/10 LOVELY MADONNA LILY.

(Candidum). 10 to 20 snow white, sweetly scented trumpet-shaped flowers to each 4 to 5 ft. stem; for sun or partial shade. Plant August to November. Monster bulbs. 75c each. 3 for \$1.95. 6 for \$3.45. 12 for \$5.95. Postpaid.

3039/10 GOLDEN CLARION HYBRID.

Breathtakingly beautiful golden Lily to feast your eyes upon. A real garden gem at a new low price! \$1.25 each. 3 for \$2.95. Postpaid.

2772/10 YELLOW GIANT. 30 in. Medium (Darwin). Brilliant yellow on extremely tall stems!

44,500 Hastings' Tulip bulbs were purchased last fall by the City of Atlanta in open competition with some of the largest growers in the world. (Hastings has again been awarded this Atlanta contract). They were magnificent—a tribute to the care given by Mr. George Simons, Superintendent of Atlanta's beautiful parks, and his able assistants.

THE WORLD'S FINEST TULIPS

*All Strictly Top Size, Top Grade Bulbs
For Gorgeous Blooms Next Spring*

PREPARING BULB BEDS FOR BEST FLOWERS

Dig out the beds at least 18 inches. Mix in humus, such as Peat Moss, until your soil is loose and porous. This provides easy root penetration and drainage beneath bulbs. Completely mix 8 lbs. bone meal or bulb fertilizer to each 100 sq. ft. bed area for ample feeding. Plant after Thanksgiving in extreme lower South, in October to December elsewhere. Bulbs keep best in over summer storage by spreading to provide air circulation. **Set tulips 10 inches deep to give better results.**

The Cream of the Crop
Such as planted in Atlanta's Public Parks for 1961 Tulip Festival.

2770/10 CARRARA. White. 20 in. Ey. Med. (Cottage). Purest white on sturdy stems.

2830/10 CITY OF HAARLEM. Red. 28 in. Med. (Darwin). Rich, deep colorful red. One of best.

2827/10 ECLIPSE. Crimson. 26 in. Medium. (Darwin). Unusually large Crimson Maroon specimen flower. Elegant!

2923/10. GERANIUM RED. (G. W. Leak). 26 in. Med. (Cottage). Brilliant geranium red flowers of large size.

2835/10 GISELA. Pink. 24 in. Ey. Med. (Lily flowered). Soft pink with pointed petals.

BULB PLANTING DEPTHS

CULTURE: A Tulip is best planted 10 inches deep in prepared soil in the South. Smaller bulbs, such as Grape Hyacinths, Scillas, Crocus, Snowdrops are planted about 4 inches deep.

Depth of Lily planting varies. Candidum or Madonna Lily is only covered 2 to 3 inches. Regal and most other Lilies 6 to 8 inches.

DAFFODILS LAST in your GARDEN for YEARS!

THESE BULB PRICES ARE POSTPAID TO YOU

Order Bulbs Now -- Ready in September

GROWN IN OREGON

CULTURE: Plant in rather rich, exceptionally well drained beds during fall. Set small bulbs 4 inches and large bulbs 8 inches deep after mixing bone meal or high potash fertilizer (8 lbs. for each 100 sq. ft. bed area) deeply and completely in soil. In Florida and along coastal sub-tropical locations plant Daffodils in December and particularly set deeply for best blooms. In tropical and semi-tropical South they behave more as annuals.

Dig bulbs in early summer when tops die naturally, but only when they become crowded.

Large Cup Daffodils (2)

2575/10 CARBINEER. (2a).

Huge flat yellow perianth with large cup of rich orange red. 6 for \$1.10. 12 for \$1.95. 25 for \$3.25. 100 for \$10.95. Postpaid.

PLANT FALL LARKSPUR FOR GAYEST SPRING

(7270/20 Giant Imperial Larkspur

HASTINGS' GIANT DOUBLE LARKSPURS—4 ft. tall. Base-branching, tall Larkspurs with giant double flowers and spikes on uniformly longest stems for cutting—the florists' delight. Best doubles develop in rich, loamy soil in beds where Larkspur have not been grown before.

Plant November to March in fresh beds for finest and showiest spikes in spring. For most double flowers buy fresh, selected seed each year, saved from double flowers. Seeds germinate much better if chilled a few days in refrigerator before planting. Scatter seed lightly over bed surface and thin to a stand. The best doubles grow many singles in poor soil and in following years from reseeding.

(C19/10) GIANT LARKSPUR COLLECTION

SIX LARGE LARKSPUR PACKETS FOR 50c. Blue Spire, Improved Exquisite Pink, Lilac Queen, Rosalind rose, Dazzler red, and White King. Each the finest of its color; (90c value) —All for 50c. Postpaid.

7290/30 NEW REGAL LARKSPUR. Magnificent new type with heavily doubled giant spikes! Mixed colors. Pkt., 15c. Oz., \$1.20. ¼ Lb., \$3.00. Lb., \$9.00.

7272/30 BLUE SPIRE. Deep Oxford blue.

7274/30 REGAL PINK IMPROVED. Soft pink shaded salmon.

7275/30 THE DAZZLER. Carmine red.

7276/30 ROSALIND. Rich deep rose.

7277/30 LILAC QUEEN. Soft and lovely.

7278/30 WHITE KING. Tall, pure double white.

All Giant Varieties listed above. Pkt., 15c. Oz., 90c. ¼ Lb., \$2.75. Lb., \$7.75.

7270/30 GIANT IMPERIAL MIXED. Very colorful on long stems. Pkt., 15c. Oz., 75c. ¼ Lb., \$2.25. Lb., \$6.75.

CONCENTRATED QUICK FERTILIZER

For quick recovery when plants turn pale and fail to develop in a healthy manner, spray a plant food solution of RAPID GRO directly to the leaves and just watch them grow! It does have very quick action but of course does not control insects or disease. (CF/10) Trial concentrated 1 Lb. package, \$1.25. (Add 30c for mailing).

Order **SWEET PEAS** Now for Fall Planting

Multifloras & Floribundas—More Flowers Per Stem!

Hardy Floribunda Sweet Peas 9280/10 Cuthbertson Mixed

More Flowers Per Stem

This is the new spring flowering strain of giant flowering Sweet Peas to bloom after the earliest and ahead of the latest. Similar choice blend of beautiful colors to lengthen your blooming season. Gardener's delight and a florist's necessity! **Mixed colors. Pkt., 15c. Oz., 35c. 1/4 Lb., 80c. Lb., \$2.50. Postpaid.**

SEPARATE COLORS CUTHBERTSON GIANT FLORIBUNDA SWEET PEAS

- 9281/10 DAVID. Scarlet rose.
9282/10 EVELYN. Salmon pink.
9283/10 FRANK G. Rosy lavender.
9284/10 DAISY. Pure white.
9285/10 RUTH. Rose pink.
9286/10 ROBERT. Blue.

Prices separate varieties: Pkt., 15c. Oz., 35c. 1/4 Lb., 90c. Lb., \$2.75. C/10 Collection one packet each all six above and inoculation, all for 89c. (\$1.15 value.)

HASTINGS' SUPERB NEW EXTRA EARLY FLOWERING SWEET PEAS BRUSHING OR FENCING NOT NECESSARY

Especially adapted to greenhouse culture and outdoor winter planting in the lower South and early spring planting elsewhere. They bloom about two weeks sooner than Spencer Sweet Peas, and almost as freely. Flowering earlier, they have that much longer to bloom before hot weather. Bushy growth. Medium hardy.

9200/10 Hastings' Finest Early Flowering Mixed Sweet Peas

Just the right proportion of many different varieties to produce the most pleasing and harmonious color effect. Pkt., 15c. Oz., 35c. 1/4 Lb., 85c. Lb. \$2.75. 5 Lbs., \$11.75.

- 9206/10 FLORIST'S BLUE—New Deep Blue. Very pleasing and best of the blues.
9212/10 FLAME—Fiery Scarlet. New beauty, very striking; wavy petals.
9214/10 CASCADE—White. Outstanding sensation, new fashionable white.
9216/10 MEMORY—Lavender. Exquisite color and one of the largest flowers of all.
9226/10 SHIRLEY TEMPLE—Soft Rose Pink. New, daintily frilled; finest of all.
9235/10 BALL'S ORANGE—Rich sunproof orange. Great vigor, stem length and size.
PRICE EACH SEPARATE VARIETY ABOVE:
Packet, 15c. Oz., 45c. 1/4 Lb., \$1.25. Lb., \$3.50. (SP/10) Sweet Pea inoculation. 25c Per Package. (Good for all kinds.)

C/10 Special Early Flowering Sweet Pea Collection Offer—85c

One Packet Each of Florist's Blue, Flame, Shirley Temple, Cascade, Ball's Orange, Memory—and inoculation—\$1.15 worth—for only 85c. Postpaid.

HARDY PERENNIAL LATHYRUS

7320/10 HARDY CLIMBING SWEET PEA—Lathyrus. 10 ft. Perennial. Mixed—Pkt., 20c. Oz., \$2.00.

Fall Sweet Pea Planting: Plant Spencers and Floribundas in November in most parts of the South (a little earlier in upper South) for longest season of spring blooms. The Multifloras and Early Flowering varieties are excellent for winter planting in warmer sections without severe freezes. Fall planting encourages deep rooting to make best flowers in spring. Dig rows a foot deep, mixing manure or equivalent in upper 6 inches. Run rows North and South and thin to 6 inches apart. Water heavily when needed. Ounce plants 50 feet of garden row. Full directions on each package.

SWEET PEA INOCULATION 25c

LATE SPENCER SWEET PEAS

(Very Hardy)

For Planting Only in Upper South

Most vigorous race or type, extra large flowers. Many have wavy and ruffled petals, which with their rich coloring, give an almost orchid-like appearance. These should be "strung".

Your Bargain in Southern Beauty

BARGAIN IN BEAUTY

(N361/10) CLIMBING BLAZE ROSE

Brilliant Scarlet Crimson "Everblooming Paul's Scarlet", making a dazzling show on porch, trellis, fence and with some blooms during favorable seasons in late summer and fall. Creates thrilling comment wherever seen. **Special low prices.** \$1.25 each. 3 for \$2.95. 5 for \$4.75. 10 for \$9.00. 25 for \$22.00. 100 for \$84.50. As long as they last! (Thousands sold last season so please place your order early.) **Postpaid.**

HOW TO GROW YOUR ROSES

Plant only heavily rooted, field grown, adapted varieties as compared to small "culls" or large "forced" plants discarded from greenhouses. Choose your varieties as to color and type desired (each fully described on these pages). Place order to be shipped until late March. This is the practice of expert rosarians! Their secret is to prepare the rose beds by digging 30 inches deep and mixing lower 18 inches with 1/3 peat moss, rotted compost or similar organic matter, and 2/3 soil. The upper foot must be mixed 1/2 and 1/2 with same. This will make an ideal bed to settle down with good rains and to be ready to receive your roses when they arrive, and regardless of the weather.

Plant with bud graft just above soil level.

Spread and firm the roots in the large opening made immediately prior to planting and soak promptly even if soil is wet. This settles soil around all roots, making direct contact ready to grow when spring comes. Mulch with pine straw. Set bush roses 24 to 30 inches apart and climbing roses 6 to 10 ft. apart as desired.

Prune away any broken or dead branches and normal canes to about 8 inches when buds swell in spring. Use special rose fertilizer when buds begin to grow noticeably in late spring very lightly scratching a half cup, circling each rose. Spray or dust regularly during growing season for disease and insect prevention for choicest of all flowers to grace your garden. **The finest roses cannot thrive unless you do your part.** (See Chapter on "Roses" in "The Southern Garden Book"—\$4.95 postpaid, for complete instructions.)

NEW ALL AMERICA ROSE

The Cleanest **LAWN GRASSES** Cost a Little More

SEE PAGE 21 FOR SOUTH'S BEST LAWN MIXTURES

HASTINGS IS SOUTH'S CLEAN LAWN HEADQUARTERS

We take pride in offering this complete assortment of cleanest turf grasses for southern lawns in all sections of the South. Be sure and write for our closest prices on larger quantities. We are the South's top lawn grass headquarters backed by the experience of seventy years dealing with lawn problems throughout the South where we have served.

Please add postage costs except when marked Postpaid

554a/10 Bent, Creeping Highland

Adapted for special uses only, and suited only to the upper South. Plant in cool weather. Seeding 1 to 2 lbs. per 1,000 sq. ft. **Lb., 75c. Add postage.**

562/10 Bent, Penn Cross

A superb special use grass best in upper parts of south. 1-2 lbs. per 1000 sq. ft. **Write for prices.**

531/10 Bermuda, Hulled (see p. 5)

For warm and hot weather planting and for quickest results. **Lb., \$1.10. 5 Lbs., \$5.00. 10 Lbs., \$9.50. (Add postage.)**

(Send for free Bermuda Bulletin)

529/10 SEED from U-3 Bermuda

A brand of Bermuda of very fine texture. Comparable to the best grasses. 1 pound sealed can, **\$5.00 each. Postpaid.**

(Send for free Bermuda Bulletin)

530/10 Bermuda, Unhulled

Identical with Hulled Bermuda, except without seed hulls removed. Germinates in 20 to 30 days with proper soil moisture. Sow in spring and summer. May be planted earlier than hulled type. Seed at rate of 5 lbs. per 1,000 sq. ft. **Lb., 90c. 5 Lbs., \$4.00. 10 Lbs., \$7.50. (Add postage.)**

(Send for free Bermuda Bulletin)

568/10 CENTIPEDE GRASS SEED

New method makes seed saving of ever popular Centipede grass possible. Complete planting directions with each package. **(Oz. plants 250 sq. ft.) Oz., \$1.75. ¼ Lb., \$5.95. Lb., \$19.95. Postpaid.**

535/10 FESCUE, CHEWINGS

A very fine textured grass for medium to heavily shaded areas, acid soils, and poor soils. Makes a dense turf when well cared for. Spreads by development of new shoots, a single plant often covering an area several ft. in diameter. Plant 3 lbs. per 1,000 sq. ft. **Lb., 60c. 5 Lbs., \$2.75. 10 Lbs., \$5.00. (Add postage.)**

538/10 TALL FESCUE, KY. 31

Deep-rooted perennial grass with shiny, smooth, broad, slightly barbed leaves. Grows well on wet, poorly drained land, yet produces equally well on dry upland soils. Has but a very short dormant period, for once established is drought resistant. Ideal for airfields, athletic fields, playgrounds and home lawns. Plant only in the fall (Sept. to Dec.). Seeding rate, 5 lbs. per 1,000 sq. ft. **5 Lbs., \$2.00. 10 Lbs., \$3.50. (Add postage.)** Write for low quantity prices.

540/10 FESCUE, CREEPING RED

Produces turf similar to Chewings Fescue, but spreads by underground runners that make an extremely tight, uniform sod. Leaves are fine, needle-like, of deep green color. Sow in spring or fall. Seeding rate, 3 lbs. per 1,000 sq. ft. **Lb., 65c. 5 Lbs., \$2.75. 10 Lbs., \$5.00. (Add postage.)** Write for low quantity prices.

509/10 White Dutch Clover

Not a grass, but is used extensively to supplement various lawn grasses in making the heaviest green turf to stand rough treatment and to last several years. Thrives on poor soils where grasses will not grow well, and withstands drought. Good for sun or shade. Seed in spring or fall. Seeding rate, 2 lbs. per 1,000 sq. ft. **Lb., \$1.20. 5 Lbs., \$5.50. 10 Lbs., \$10.50. Please add postage.**

GRASSES FROM ROOTS—SOD

These prices below are postpaid

ZOYSIA GRASSES

Forms a very thick, dense sod of fine textured turf. Once established, it requires but average care, and chokes out weedy growth. Plant anytime except when freezing. Available only in sod. 1 sq. yd. plants about 400 sq. ft. of area.

T5/10 ZOYSIA MATRELLA (Manila Grass). Most widely planted Zoysia, originally distributed here in the South. **1 square yard, \$5.45. 5 yards or over @ \$5.25 per yard. Delivered.**

T10/10 MEYER (Z-52) ZOYSIA. New U. S. D.A. development, more vigorous, harder, tougher and generally more successful than above. Well worth the difference. **1 square yard, \$6.45. 5 Yards. @ \$6.35 per yd. Delivered.**

T15/10 NEW HYBRID EMERALD ZOYSIA. Newest and best of all Zoysias. Vigorous growing hybrid that spreads rapidly in well prepared, highly fertilized soil, to make a fine bladed, "lucious" dream lawn! **Emerald Zoysia (genuine stock). 1 Sq. yd. \$6.45 5 Yds. @ \$6.35 per yard. Delivered.**

T20/10 BERMUDA, TIFTON 57 (TIFLAWN). A very new low growing strain much finer in texture than ordinary bermuda. Requires less mowing and makes thick turf. Plant in late spring through summer. **1 sq. yard, \$5.25 (to plant about 4-500 sq. ft.). 5 Yds. @ \$5.10 per sq. yd. Delivered. (Also fine for athletic fields)**

T25/10 BERMUDA, TIFTON 127, (TIFFINE). Very tiny bladed bermuda making densest turf imaginable staying beautifully green all summer with very little mowing. (Set sprigs 6 to 12 inches apart). **One square yard to plant about 4-500 sq. ft.) \$5.25. 5 Yds. @ \$5.10 per sq. yd. Delivered. (Finest for lawns)**

T26/10 BERMUDA TIFGREEN. Newest and finest textured of the hybrid Bermudas for special plantings and golf greens. **1 sq. yd. (to plant 4-500 sq. ft.) \$5.25. 5 Yds. @ \$5.10 sq. yd. Delivered. (For lawns and greens.)**

T27/10 BERMUDA TIFWAY. Newest hybrid released from Tifton Station. Noted for deep green color and tremendous vigor. **1 sq. yd. (to plant about 4-500 sq. ft.) \$6.95. 5 yds. @ \$6.90. Delivered.**

T30/10 CENTIPEDE GRASS. The popular grass for poor, dry soils in the middle and lower South. Good for full sun to semi-shade. Very flat growing, medium coarse texture grass that requires little mowing. Plant in late spring and summer only. **600 sprig bag (to plant 3-400 sq. ft.) \$6.55. 5 bags (to plant 1500-2000 sq. ft.) for \$32.50. Delivered.**

T35/10 ST. AUGUSTINE GRASS (BITTER BLUE-STEM.). Stands the heaviest shade to full sunny areas. Coarse, broad leaves, but makes a very pleasing, thick, dense turf that crowds out weeds. Hardy as far north as Birmingham, Atlanta, Greenville, etc. Needs rich soil and ample moisture. Can be grown as an evergreen grass in the lower South with frequent feedings throughout the year. Topdress twice a year for best results. Plant only in the spring and summer. **600 sprig bag (to plant 3-400 sq. ft.) \$6.55. 5 bags (to plant 1500-2000 sq. ft.) for \$32.50. Delivered.**

549/10 ZOYSIA JAPONICA (Seed)

A coarser textured strain than the popular Zoysia matrella which is sold only in sod form. Write for special circular for detailed seeding instructions. Plant only in the spring. Seeding rate, 2 lbs. per 1,000 sq. ft. **¼ Lb., \$1.95. Lb., \$5.00. Postpaid.**

PLEASE ADD POSTAGE AND PACKING

To make these lowest quotations to you we have figured strictly on f.o.b. Atlanta rates. For one pound of seed of grass or clover **you must add 25c extra** for postage and packing. For all orders of five (5) pounds, add 50c. For all orders for ten (10) pounds, add 75c. These are actual costs so we will appreciate your cooperation to insure prompt postpaid delivery.

All Prices Subject To Market Changes.

Please add postage costs except when marked Postpaid

553/10 CARPET GRASS

A well-known Southern lawn and pasture grass that has given splendid results in many difficult situations such as low, moist areas and with considerable shade. It is moderately coarse in texture and makes a good, thick turf. Fine for athletic fields. **(Add postage.)**

Lb., 85c. 5 Lbs., \$3.75. 10 Lbs., \$7.00.

533/10 KENTUCKY BLUE GRASS

One of the most popular lawn grasses for the middle and upper South, thriving in sunny to semi-shaded areas. Leaves a pleasing dark green color and fine texture. One of the main perennial grasses, growing best in well-prepared, limed soils. Has a tendency to become dormant in hot, dry summers in the middle South. Frequent watering, though, brings back good fall color. Requires about 2 years to become well established, and is a slow germinator. Used most as a basic grass in seed mixtures. Plant in spring or fall. Seeding 5 lbs. per 1,000 sq. ft. **Lb. 85c. 5 Lbs., \$3.75. 10 Lbs., \$7.00. (Add postage.)**

544/10 MERION KY. BLUE GRASS

Newest Sensation

The brand new, sensational grass that is being featured in national garden magazines as the "Answer to the gardener's prayer" for an ideal lawn grass. Forms a dense, dark green turf that experts say chokes out crabgrass, is resistant to Helminthosporium leaf spot, tolerates closer mowing than common Blue Grass, is considerably more resistant to heat and drought, and establishes itself more quickly than common Blue Grass. Plant in spring or fall. Seeding rate, 2 lbs. per 1,000 sq. ft. **Lb., \$3.00. 5 Lbs., \$13.75. Postpaid.**

539/10 POA TRIVIALIS

(Shady Blue Grass)

Leaves narrow, soft and glossy. Has a creeping habit. Often called the Blue Grass of the Shade, and is particularly adopted for heavily shaded area. Lime soils to produce a good permanent cover. Needs good moisture. Plant in spring or fall. Seeding rate, 3 lbs., per 1,000 sq. ft. **Lb., \$1.00. 5 Lbs., \$4.50. 10 Lbs., \$8.50. (Add postage.)**

532/10 RYE GRASS, WINTER

Use for temporary plantings of winter lawns to provide a luxuriant green turf, or for over-planting over Bermuda and other winter-dormant grasses. Plant at any time. Seeding rate, 10 lbs. per 1,000 sq. ft. **10 Lbs., \$1.60. Add postage. Write for low quantity prices.**

557/10 RYE GRASS, PERENNIAL

A tufted, short-lived perennial of finer texture than Common Rye Grass. Seeding rate, 10 lbs. per 1,000 sq. ft. **5 Lbs., \$1.00. Add postage. Write for low quantity prices.**

545/10 Red Top or Herd's Grass

Perennial grass with a creeping growth habit, making a coarse, loose turf. Tolerates acid soils, wet land, sour land, and is drought resistant. Primarily used as a nurse grass in seed mixtures. Plant in spring or fall. Seeding rate, 3 lbs. per 1,000 sq. ft. **Lb., 75c. 5 Lbs., \$3.25. (Add postage.)**

563/10 DICHONDRA. Tiny creeping nearly evergreen ground cover for those impossible places in the lawn area. Spreads rapidly. (Ounce plants 125 sq. ft.) **Oz., 75c. ¼ Lb., \$2.50. Lb., \$7.50. Postpaid.**

HASTINGS Offers You 72 Years of Lawn Experience

PLANTING DIRECTIONS

GOOD PREPARATION WILL SAVE YOU MONEY!

A lawn can be no better than its foundation, the soil in which it grows! Why not do a good job, then plant the best seed?

Prepare soil 8 inches or deeper. Remove rocks, roots and litter. For most soils, additional amounts of humus will be needed to make them mellow and more moisture absorbent. Add at least 1 bale of peatmoss per 1,000 sq. ft. to sandy or clay soils. Work in well before applying fertilizers. Apply 100 lbs. ground limestone, 100 lbs. of Pulverized Sheep Manure and 25 lbs. Hastings' Lawn Fertilizer to each 1,000 sq. ft. (50 x 20). Rake in thoroughly, mixing fertilizer with soil and working the surface to a level. Soak dry ground thoroughly then let soil settle a few days to a week before planting. Break surface crust with lawn rake before planting.

SEEDING OR SODDING THE LAWN

Most grasses, except Hulled Bermuda, Merion Blue Grass and Ryegrass, are seeded at the rate of 5 lbs. per 1,000 sq. ft. Double the amount for Ryegrass. For special seeding rates of individual grasses, see lists on page 23. Broadcast seeds evenly by hand or with the use of a seeder. For hand application, divide amount for a given area in half. Broadcast first half as you work across lawn in a lengthwise direction. Broadcast other half in a crosswise direction. Firm with roller or drag lightly and smoothly with back of rake, and water thoroughly.

Set sprigs or plugs of Bermuda, Centipede, Zoysia or St. Augustine grasses in 12 inch rows and 12 inches apart in the rows, stepping on each planting to firm it. Water thoroughly afterwards. Closer plantings covers more quickly, of course.

LAWN MAINTENANCE IS VERY IMPORTANT

Always keep newly seeded lawns well watered to insure good germination and quick rooting. Make first mowing when new grass is 3 inches high. Subsequent mowings are made as growth conditions permit. Set mower to cut at 2 inches high. On established lawns, keep down weeds by spraying with a 2, 4-D weed killer, and Crabgrass with Sodar Crabgrass Killer.

Feed lawns in April, September and February with 20 lbs. Hastings' Lawn Fertilizer (50 lb. bags, \$3.50 each. 250 lbs., \$17.25. F.O.B. Atlanta) per 1,000 sq. ft. In dry weather, water lawns thoroughly with a rotary or oscillating sprinkler, soaking ground to a depth of 4 inches or more.

HASTINGS' "turfgreen" Contains Dupont Uramite

For use on all established lawns or sod.

Licensed by the DuPont Company, Hastings, "Turfgreen" feeds established lawns for the entire season. Apply 50 lbs. (\$5.00 F.O.B., Atlanta) per 1000 sq. ft. and forget fertilizing your lawn for the entire season! Saves time, bother and application expenses. A trial will surely please you.

550/10 HASTINGS' EVERGREEN LAWN GRASS

DUPONT ARASAN TREATED
Buy only direct from Hastings.

An extremely popular lawn grass mixture for the upper South, for full sun to semi-shaded areas. It grows off, quickly, has a rich green color, fine texture, is slightly creeping, smooth and velvety. It really makes a luxuriant green carpet, and years of experience have proven it to be one of the best of all lawn mixtures for spring and fall planting. Our own special formula mixture. You can get it best direct from Hastings. Seeding rate, 5 lbs. per 1,000 sq. ft. **Do not mow at any time less than two (2) full inches!** Lb., 90c. 5 Lbs., \$4.00. 10 Lbs., \$7.50. Add Shipping Charges.

555/10 HASTINGS' SHADY LAWN GRASS

DUPONT ARASAN TREATED
Buy only direct from Hastings.

For shady places in the upper half of the Cotton Belt, and farther north. It makes a wonderful winter and spring grass carpet, and stands hot summers in shady places better than most other grasses. Although this mixture is shade tolerant, areas planted closely under large trees must be given more frequent feedings and waterings to offset competition of tree roots. Plant in fall or early spring. Seed at rate of 5 lbs. per 1000 sq. ft.

Do not mow at any time less than two (2) full inches! Lb., 95c. 5 Lbs., \$4.25. 10 Lbs., \$8.00. Add Shipping Charges.

LAWN GRASS

Visit Hastings' Garden Stores and Hastings' Garden Shopping Centers in Atlanta, Birmingham, Chattanooga and our new beautiful one at Charlotte for more free lawn advice.

750/10 HASTINGS' DIXIANA 6 LAWN GRASS

(Our toughest lawn formula!)
(For Fall Seeding Only)
DUPONT ARASAN TREATED
Buy only direct from Hastings.

Our famous mixture of principally fescue grasses for the upper South, and for moderate and fairly heavily shaded areas. These grasses produce very deep root systems that make possible good color and growth the year round. Ideal for home lawns, playgrounds, athletic fields, airfields and factory grounds. Soil must be well prepared before seeding to insure best results for the rate and beauty of growth will depend upon the richness of the soil, good preparation, fertilization, aeration and moisture supply. Lime soils to provide a near-neutral reaction. Seed only in the fall (Sept. to Dec.). Seeding rate of 5 lbs. per 1,000 sq. ft. (Never mow Dixiana 6 Lawns less than 2 full inches.) 2 Lbs., \$1.90. 5 Lbs., \$4.25. 10 Lbs., \$8.00. 25 Lbs., \$18.75. 50 Lbs., \$36.25. Add Shipping Charges.

551/10 HASTINGS' ALL-PERENNIAL LAWN GRASS

DUPONT ARASAN TREATED
Contains No Rye Grass!
Buy only direct from Hastings.

Our newest and choicest grass seed mixture of all-perennial grasses for permanent lawns of high quality. No cheap annual or short-lived nurse grasses such as rye grass, timothy or red top are used in this mixture. Ideal for use in the upper South where cool season grasses thrive. Provides a smooth, velvety turf of pleasing texture. Fine for sun or semi-shade. For best results, lime soil prior to seeding to provide a near-neutral soil reaction and apply humus for aeration. Seed at rate of 5 lbs. per 1,000 sq. ft. **Do not mow at any time less than two (2) full inches!** Lb., \$1.05. 5 Lbs., \$4.75. 10 Lbs., \$9.00. Add Shipping Charges.

552/10 HASTINGS' COASTAL PLAIN LAWN GRASS

For Atlantic and Gulf Coastal Areas and Florida

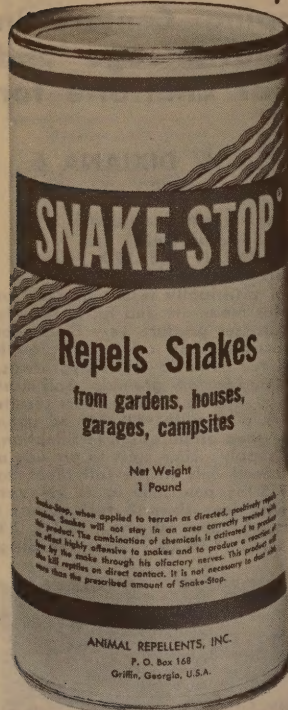

DUPONT ARASAN TREATED
Contains No Rye Grass!
Buy only direct from Hastings.

A brand new combination of lawn grasses proven to withstand long, hot, wet or dry days of the unusually long growing seasons of the lower South including the Atlantic and Gulf Coastal areas and Florida. Suited to sandy or heavier soils in sun or part shade, with good fertilization. Lb., 95c. 5 Lbs., \$4.25. 10 Lbs., \$8.00. Add Shipping Charges.

BY MAIL — PLEASE ADD SHIPPING CHARGES

To make these lowest quotations to you we have figured strictly on f.o.b. Atlanta rates. For one pound of seed of grass or clover you must add 25c extra for postage and packing. For all orders of five (5) pounds, add 50c. For all orders for ten (10) pounds, add 75c. These are actual costs so we will appreciate your cooperation to insure prompt postpaid delivery.

*positively repels snakes
from gardens, houses, garages,
barns, campsites, patios, etc.*

When applied as directed, **SNAKE STOP** positively repels snakes. They will not stay in properly treated areas because of the unusual combination of chemicals which produce a positive repelling action.

SNAKE STOP will kill snakes on direct contact. **SNAKE STOP** is not expensive to use, one pound readily treats an area of 420 sq. ft. and will last a month or more. A 6 ft. band treatment will repel snakes at even less expense.

1 Lb. Package (ready to use) \$2.50 (add 35c for mailing).

25 Lb. Drum \$57.50 (f.o.b. Atlanta)

50 Lb. Drum \$110.00 (f.o.b. Atlanta)

SPARROWS? PIGEONS? STARLINGS?
***BIRD STOP** positively repels them and
other pest birds! And it's odorless!*

(Non-toxic)

Effectively discourages all Pest Birds such as starlings, pigeons, sparrows from landing or nesting wherever applied. It does not snarl or entangle. Apply to window sills, ledges, doorways, garages, barns, gutters, fences—wherever unwanted birds roost or nest. Also recommended for churches, apartments, office buildings, wherever pest birds roost.

BIRD STOP is odorless, long lasting, and is applied from the pressure container. Can treats over 100 linear feet.

14 oz. Can \$2.50 (plus 35c for mailing)
3 Cans for \$6.95 (plus 55c for mailing)

**Buy it now on a

The enormous waste and destruction in our homes and on our farms caused by rats and mice is measured in millions of dollars.

The spread of much disease is, in all probability, caused

by the filth as well as parasites (mites, lice, ticks) carried by these ever present pests that penetrate into the largest homes as well as the smallest ones. They overrun barns, chicken houses, outbuildings, cutting bags, eating food and

feed, but even wasting more. They invade town and city homes as well.

WARFARIN has the full approval of many governmental agencies including the U. S. Public Health Service. We officials and employees of Hastings use **WARFARIN** regularly around our own homes and wholeheartedly recommend it as the wisest insurance investment in disease prevention and waste avoidance you can make. **They eat their way to death. It actually kills with kindness!**

Hastings' LIVESTOCK PASTURE MIXTURE

FESCUE GRASS — LADINO CLOVER — ORCHARD GRASS READY TO SOW

Provides good grazing all year long

This superb blend of Southern pasture seeds provides maximum feeding value all the year. Fescue is famous for its heavy growth in fall and winter with orchard grass taking the lead with its high palatability throughout the spring followed by the heavy growth of Ladino Clover all summer. This combination provides the huge group of old and new livestock farmers in our Southern states with just about the ideal mixture for beef, milk, sheep and hog production on a "serve yourself" basis, now so necessary through labor shortages. We recommend 22 pounds per acre on well prepared soil with pasture fertilization, sowing on smoothed surface barely brushing in. Inoculation for clover included. Fall planting is recommended. Grows best in middle and upper South.

SEE PRICE LIST IN CATALOG CENTER OR WRITE FOR OUR BEST QUOTATIONS

500-D. ATLANTIC ALFALFA.

New U. S. D. A. introduction that thrives throughout clover growing sections of the South and gives us the advantages of this superior hay crop. Vigorous, disease resistant growth. Plant 20 lbs. per acre.

Write for prices.

500-A. KANSAS ALFALFA.

The best of the old types of alfalfa doing well in upper South. Plant 20 lbs. per acre.

See price list.

504-B. RESEEDING CRIMSON CLOVER.

Reseeding Crimson Clover is so much more dependable than cheap imported seed that frequently freezes out, we urge you to plant this new type for dependability. Plant 25 lbs. per acre. We have certified and good non cert. seed.

See price list.

508-B. RED (AMERICAN) CLOVER—KENLAND STRAIN.

Developed for successful use in nearly all sections of the South where similar type crops can be grown. More successful than common American Red Clover in our section of the country. Plant 15 lbs. per acre.

See price list.

508. AMERICAN RED CLOVER.

The standard clover to use with Timothy for heavy hay production or superb green manure crop. For upper South. Plant 15 lbs. per acre.

See price list.

503. LADINO (Giant White) CLOVER.

This new giant from Europe has become one of our greatest pasture and soil building crops. The ideal clover to sow with fescue grasses or alone for greatest pasture support for all livestock. We offer genuine western certified seed from sealed bags for your protection. Use 2 pounds per acre with tall fescue, 4 pounds alone.
1 lb., \$1.15 (add postage). Write for quantity prices.

502-B. LESPEDEZA SERICEA ARLINGTON STR.

Makes much better hay than common Sericea with fine stems holding leaves after cutting. Plant 15 lbs. per acre. Write for prices.

502. LESPEDEZA SERICEA. COMMON.

Though usually planted in the spring months perennial Lespedeza sericea frequently is planted on well prepared land in early fall when moisture is present. It should be planted sufficiently early for roots to become well established before tops are frozen back to ground level for winter. Plant 15 lbs. per acre. Write for low quantity prices.

SEE PAGES 20 AND 21 FOR OTHER GRASSES AND CLOVERS

See pages 23 and 24 for latest quantity prices.

538. KENTUCKY 31 TALL FESCUE.

These tall fescues are now grown throughout the South with splendid results. Roots penetrate deeply in well-prepared soil and remains green all year. Plant with ladino or similar clovers for best pasture balance. This is the grass that is making the South the best cattle raising section of the country! Sow 30 lbs. per acre with 2 lbs. clover.

See price list.

542. ORCHARD GRASS.

One of the most nutritive and palatable cattle grasses of all and frequently used with fescues and clover. Maximum growth on good soil and during first three to five years. Sow 30 lbs. per acre.

See price list.

557. PERENNIAL RYE GRASS.

Sometimes Called English Rye Grass

A more deeply rooted rye grass that lives over the summer only in cool sections of upper South. Gives quick grazing.

5 Lbs., \$1.00. (By mail add shipping charges.)
See price list.

534. DALLIS GRASS (Imported seed).

A very coarse, persistent, and permanent pasture grass for the great middle and lower South. Sow 30 lbs. per acre.

See price list.

546. TIMOTHY.

Inexpensive temporary pasture and hay grass, used with clover. For upper South only. Sow 30 lbs. per acre.

Write for low quantity prices.

532. COMMON RYE GRASS (Annual).

Used in large quantities, seeding over Bermuda pastures for heavy winter grazing, giving a year 'round program. Also planted for earliest winter pasture in emergencies. Sow 50 lbs. per acre.

5 Lbs., 85c. 10 Lbs., \$1.60. By mail add shipping charges. Write for low quantity prices.

509. WHITE DUTCH CLOVER.

Often used in lawns because of its ease of growth and thriftiness under most southern conditions. Can be planted separately or with grasses to make a lovely lawn. True spreading perennial coming back year after year and stands close mowing. Sow 1 to 2 pounds per 1000 square feet of lawn, 12 pounds per acre in pastures.

1 lb., \$1.20. 5 Lbs., \$5.50. 10 Lbs., \$10.50.
(by mail add shipping charges)

CP/10 FROST-PROOF CABBAGE PLANTS

To Plant in Early Winter

Hastings' almost freeze-proof plants are well known throughout the South. We expect to have these plants in any reasonable quantity desired beginning about December 1st. You may send your order in now for earliest delivery. Shipments made after about December 1st as soon as well hardened. Only varieties below available.

Improved Charleston Wakefield, Early Flat Dutch

The number of plants is approximate

200 Plants for \$1.95

500 Plants for \$3.95

Plants Positively Can Not Be Shipped Before December

Prices are for each separate variety, postpaid.

125/20 Flat Dutch Cabbage

(118/10)
Copenhagen
Market

200/20 Scotch
Kale

(136/20)
Cabbage Collard

400/20 RAPEGREENS (Dwarf Essex)—DIRT CHEAP!

The cheapest and easiest to grow of all fall, winter and spring greens. Sow them once a month and have hardy, tender, fresh, tasty greens when they are so expensive in the stores. Broadcast or drill like turnips. ¼ Lb., 20c. Lb., 60c. 5 Lbs., \$1.95. Postpaid.

Broccoli for Fall

(P4/10) SABADILLA DUST—THE BUG KILLER

Yes, it really slays collard and cabbage bugs, worms, etc., and even kills squash bugs, stink bugs and those terribly hard to handle fellows. At the same time it is safe to use. 1 Lb., 60c (25c extra for mailing). 5 Lbs., \$2.75 (50c extra for mailing).

Have You ever **TASTED BIBB LETTUCE?**

and **MUSTARD** Thrives in Hot or Cool Weather

(218/20) Salad Bowl Lettuce

(221/20) Kentucky Bibb Lettuce

221/20 Genuine Kentucky Bibb Lettuce
The lettuce that really has a "different" flavor! Truly a Southern garden sensation for its rich, deep green, vitamin filled salad and to grow quickly and easily. Small clusters make ideal individual servings. **Pkt., 15c. Oz., 50c. 1/4 Lb., \$1.25. Lb., \$3.50. Postpaid.**

Fresh Mustard Contains Vitamin A

(278) Hastings' Giant Southern Curled Mustard (Ostrich Plume Strain)

LETTUCE Makes Tasty Fall Salads

Plant lettuce as soon as nights become cooler. Keep well moistened. Chilling seed in regular refrigerator may hasten germination.

Hastings' Special Strain

Our strain is preferred by growers everywhere! Many areas grow fall crops of early squash for home and market. Pkt., 10c. Oz., 20c. ¼ Lb., 60c. Lb., \$1.95. 5 Lbs., \$8.75. Postpaid. (See Spring Catalog for other squash, melons, etc. not listed.)

Garden Fresh English Peas
Contain Vitamins A and B₁

Planted to mature in cool weather but before hard frost fall English Peas are a healthful delicacy. Also superb Spring crops may be grown like sweet Peas, planted in November. Two pounds plant 100 feet of double row—enough for the average family. Winter plantings in the lower South are the mainstays of those gardens and save the higher prices asked for grocery peas. None are as delicious as served garden fresh!

WE GUARANTEE YOU'LL LIKE THIS NEW HYBRID!

JUST RIGHT is the new **HYBRID TURNIP**

Some Like the Tops (Greens). Some Like the Bottoms, Most All Like Them Both!

Garden Fresh Turnips Contain Health Vitamins A and B₁

CULTURE. Sow Rutabagas from July, true turnips 30-60 days later in well prepared, well fertilized soil. One ounce plants 50 foot row. Use 4 Lbs. for acre in rows, double amount broadcast.

472/20 JUST RIGHT (The First Hybrid Turnip)

Newest turnip introduction approved by the All America judges all over the U. S. A. and Canada. Beautiful, tender rich green, heavy, upright foliage for easy harvest and large, pure white, sweet turnips with fine textured flesh even when large. Superb new novelty!

Pkt., 25c. Oz., 60c. 1/4 Lb., \$1.75. Postpaid.

465/10 EXTRA EARLY MILAN

42 days. 3-4 in. wide. Earliest flat Purple topped turnip. Sweet, fine grained flesh.

Oz., 15c. 1/4 Lb., 50c. Lb., \$1.50. Postpaid.

467/10 EARLY WHITE FLAT DUTCH

46 days. 3-5 in. Similar to Purple Top except skin is pure white and very small tap root. Medium sized, quick grower.

Oz., 15c. 1/4 Lb., 40c. Lb., \$1.25. 5 Lbs., \$4.50. Postpaid.

466/10 EARLY RED OR PURPLE TOP (FLAT)

46 days. 3-5 in. Purple Top Strap Leaf. Early flat turnip. Quick grower, fine grained, sweet flavor. Most popular early.

Oz., 15c. 1/4 Lb., 40c. Lb., \$1.25. 5 Lbs., \$4.50. Postpaid.

476/10 EXTRA EARLY WHITE EGG

57 days. 2 1/4 x 3 1/4 in. Finest flavored skin and flesh snow white solid fine grained, sweet, bunches well and a good seller.

Oz., 15c. 1/4 Lb., 40c. Lb., \$1.25. 5 Lbs., \$4.50. Postpaid.

469/10 YELLOW OR AMBER GLOBE

Yellow Stone. 75 days. 5-7 in. Best all-round yellow turnip. Globe-shaped light yellow skin and flesh. Fine-grained, sweet, a good keeper and big cropper. Tops are large with cut-leaves. Real table quality but also used for stock.

Oz., 15c. 1/4 Lb., 40c. Lb., \$1.25. 5 Lbs., \$4.50. Postpaid.

479/10 HASTINGS' MIXED TURNIPS (A Superb blend.)

Our mixture of all turnips and rutabagas for a full season's supply, of many kinds, from one planting. Balanced formula mixture for greens and roots of early, medium and late maturing sorts for a continued supply all fall.

Oz., 15c. 1/4 Lb., 40c. Lb., \$1.25. 5 Lbs., \$4.50. Postpaid.

468/10 Improved American Rutabaga (Genuine)

88 days. 5-7 in. Heaviest cropper of all rutabagas for the South. Rich, uniform, purple colored top and light yellow flesh; tender and sweet. For table use, storage and stock feed.

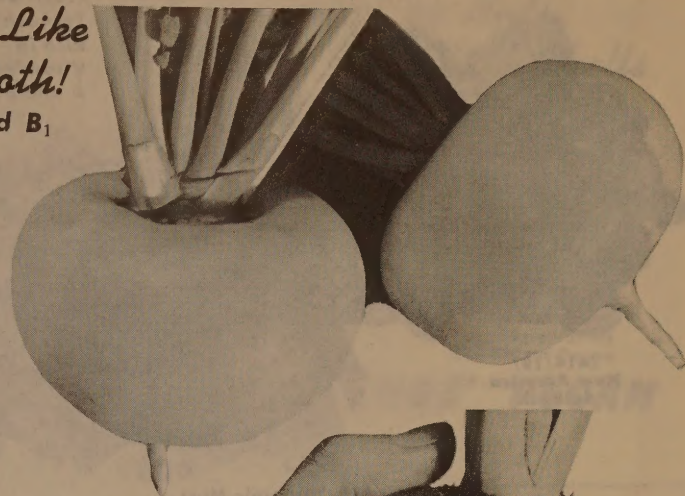

Oz., 15c. 1/4 Lb., 40c. Lb., \$1.25. 5 Lbs., \$4.50. Postpaid.

477/10 SEVEN TOP TURNIP

For Very Hardy Winter Salad Greens

The salad variety planted everywhere in the South for greens. Roots are tough and not for the table, but tops are produced in abundance and are very tender and succulent. Also used for feed, but homes and nearby markets are glad to have fresh turnip salad at all times. Very hardy.

Oz., 15c. 1/4 Lb., 35c. Lb., \$1.00. 5 Lbs., \$3.95. Postpaid.

Grow The Largest Tomatoes Of All

(451/20) Hastings Pink Mildglobe Tomato

(446/20) Rutgers give Profit and Pride

THE NEW PECAN DESIGNED FOR SHADE

Giant Leaves for Superb Shade and Heavier Crops of Nuts

With the Finger Nail Thin Shells

The Plant Patent 1399
Hastings'
PECAN

Asexual reproduction of the Hastings Pecan is prohibited except by written contract permission of H. G. Hastings Co.

OTHER POPULAR PECANS

N6/10 STUART PECAN Nuts large, oblong. Shell is medium thin and of very good cracking quality. Kernel is full, plump and bright in color. It is a heavy bearer and is about the best paying variety of all. Good quality. Hardest to grow farther north.

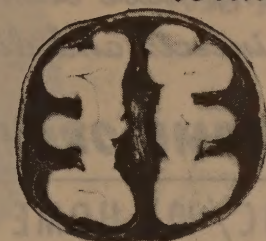

N8/10 SCHLEY PECAN Nuts medium to large, 1 1/2 to 1 7/8 inches long, oblong, somewhat flattened and light reddish brown in color. Thin shell separating easily. Finest quality.

N11/10 DESIRABLE PECAN Large nuts. Thin shells crack easily and usually are well filled. U. S. Dept. Agric. release. Early, Productive. One of the top new commercial varieties.

N4/10 GIANT MAHAN Longest of all pecans, nearly double size of others. Good quality thin shells and fills out well on good, moist land. A favorite in the middle and lower South.

PRICES—LIVEWELL PECAN TREES—ABOVE (Except Hastings Patented Pecan) Planting Depth Marked on Each Tree. **DELIVERED**—2-3 ft. grafted trees, \$3.50. 3 for \$9.95. 6 for \$18.95. 12 for \$34.95. Set trees 60 feet apart—12 per acre.

The Hastings' Pecan

Plump Meats
Hastings'

Best Paper Shell
The Stuart Pecan

(N7/10) THE NEW HASTINGS' PECAN

Plant Patent 1399—Issued June 14, 1955
46,000 TREES ALREADY SOLD IN THE SOUTH!

HIGH QUALITY and FLAVOR—FINGER NAIL THIN SHELLS—GORGEOUS SHADE. Shells so thin they may be easily cracked by hand, coming out whole or in halves for ideal table use as well as for commercial purposes.

Quality and flavor comparable to Stuart from which it came.

Be the first to grow this wonderful new HASTINGS' PECAN with its promise to make nut cracking simple even for children. Throw away your complicated nut cracking gadgets when you have the "HASTINGS' PECAN." Rapid, vigorous-growing tree with large foliage to make superb shade as well as good crops of nuts. Ideal for the back or front yard. Bears in 4 to 6 years. (Some trees in nursery have produced nuts when only 3 years old.)

Treat the HASTINGS' PECAN the same as other grafted varieties with spacing 60x60 (12 trees per acre) in large plantings.

(N7/10) NEW PATENTED HASTINGS' PECAN—Delivered Prices

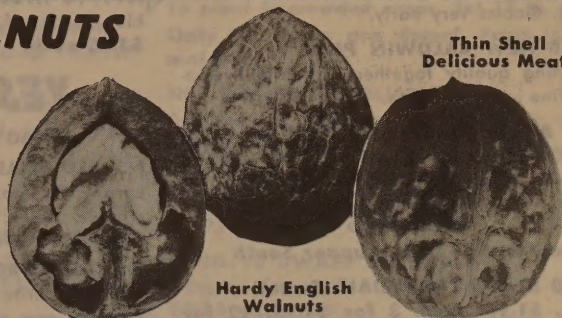

Heavily rooted trees, \$3.95 each. 3 for \$10.95. 6 for \$19.95. 12 for \$37.95. (Write for larger commercial prices for 50 or more trees.) Order early. (We again sold out last season.)

Plant a collection of pecans for better pollination.
EACH TREE MARKED FOR EXACT PLANTING DEPTH

HARDY CARPATHIAN ENGLISH WALNUTS

Can Now Be Grown in the South!

At last we have a limited number of strong trees of this wonderful hardy English Walnut. The nuts are almost identical in shape, flavor and ease of cracking as the regular English Walnuts. Meats come out whole or in halves with no difficulty. Altogether different from the tough, thick shelled black walnuts. We certainly believe you will enjoy being among the first to grow this great new tree. Set trees 60 ft. apart. **2 to 3 ft. trees, (while they last) \$4.95 each. 3 for \$12.95. Postpaid.** (Though self fertile we recommend a planting of 3 trees for best results.)

CHINESE CHESTNUTS

for FAST GROWTH

Blight Resistant Chinese Chestnuts—The South's Newest Crop

Order Trees Now for Winter Planting

Plant early for thrifty growth! Harvest crops within 3 to 6 years—more and more as the trees develop. Successful everywhere that peaches or apples will grow!

Sweet, delicious, meaty nuts should be quickly harvested, dried for several days, then stored in non-freezing refrigerator for later use. Boiling or roasting precedes preparation of sauces or whole nuts which then can be put away in deep freeze indefinitely.

Authorities recommend setting trees 30-40 feet apart, planting 3 or more to insure crossing necessary for heaviest nut production in small plantings. Ideal for yard planting. **Plant shallowly for success.**

Commercial groves are producing heavy crops every year at good profits. Plant 27 trees per acre set 40 feet apart each way utilizing open spaces for summer and winter soil-building legumes until trees are too large.

(N13/10) CHINESE CHESTNUTS (Blight Resistant)

POSTPAID PRICES

3 for \$1.95. 5 for \$2.95. 12 for \$6.95. 25 for \$11.95. 100 for \$39.95. Plant 27 trees per acre (40 ft. x 40 ft.) Heavy 2 year trees \$1.95 each. 3 for \$4.95. 12 for \$17.95. (Supplies limited.)

TREE RIPENED FRUITS TASTE BETTER!

Same as true Elberta except grafted on dwarf type roots. Fine for limited spaces. \$3.95 each.

"Dixie" Red Delight has very limber branches to hold more fruit!

HASTINGS INTRODUCES

The New Apple for All Dixie!

"DIXIE" RED DELIGHT®

U. S. PLANT PATENT 1974

N100/10 "DIXIE" RED DELIGHT®

A superb apple for all the South! Due to its remarkable blooming characteristics, it sets fruit in areas where apples have never before been successful or regular in bearing. It actually is so fruitful that trees bear many clusters of 2, 3, and sometimes 4 fruit. The branches are quite limber to hold larger crops.

Exactly how far South this new and very exciting apple discovery will grow we just do not yet know, but certainly recommend a trial planting wherever you are (at least where peaches can be grown) because of its size, flavor and wonderful keeping qualities.

"Dixie" Red Delight is a large, slightly flattened, beautiful bright red apple! One of the grandest looking varieties we've seen.

"Dixie" Red Delight is a very strong and vigorous grower!

"Dixie" Red Delight is a spicy sweet, juicy apple reminding you of both the Stayman Winesap and the Red Delicious!

"Dixie" Red Delight has never missed a crop from the first.

"Dixie" Red Delight is an extremely long keeping apple. Ripens in early fall with excellent color.

POSTPAID PRICES

3 to 4 ft. GRAFTED TREES. \$3.95 each. 3 for \$10.95. 6 for \$19.95. 12 for \$37.95. 25 for \$74.95. Set trees 40 feet apart (27 trees per acre).

Please Order Early... Available Trees will sell quickly

Specimen Burford Holly

EVERGREENS FOR THE SOUTH

(See also page 41)

(All prices on this page postpaid)

We offer on these pages a selection of some of the finest broadleaf evergreens that are well suited to our Southern soils and climate. We certainly do recommend them to you.

GLOSSY ABELIA

BL8/10 ABELIA GRANDIFLORA. It's an ever-blooming evergreen in the South, 5 to 6 ft. high unless kept trimmed. **Large mailing size plant.** 3 for \$2.45. 5 for \$3.75. 12 for \$7.95. Postpaid.

BOXWOOD—See page 42.

BL9/10 PINK ABELIA. (Edward Goucher). A very lovely pink flowered Abelia that adds interest and charm to any Southern planting. \$1.45 each. 3 for \$3.75. Postpaid.

CLEYERA JAPONICA

BL10/10 Rich, deep green foliage and many small creamy white flowers in early summer followed by red berries in fall. Excellent foundation shrub and splendid specimen. \$1.95 each. 3 for \$4.95.

ELAEAGNUS

BL11/10 PUNGENS FRUITLANDI. Rapidly growing evergreen shrub, quickly reaching 6 ft. or more with handsome, silvery, gray-green foliage. Small oddly fragrant flowers are followed by red berries. \$1.75. 3 for \$4.45. Delivered.

GARDENIAS—See page 41.

SEMI-EVERGREEN SNOWBALL

Evergreen only in the lower South

BL13/10 VIBURNUM BURKWOODI. New leather-leaf semi-evergreen snowball with large intensely fragrant flower heads in early spring. \$2.45 each. 3 for \$6.75.

LAURELS ARE VIGOROUS

BL14/10 CAROLINA CHERRY LAUREL. *Laurocerasus caroliniana.* Bright green, glossy foliage. Pyramidal form for specimens and groups. **Large mail size,** \$1.75 each. 3 for \$4.45. **Hedge size.** 12 for \$3.95. 25 for \$6.95. Postpaid.

NANDINA FOR BERRIES

BL18/10 DOMESTICA. *Heavenly Bamboo.* Beautiful leafy shrub of medium height, 3 to 4 ft., and of neat and airy appearance. Flaming scarlet berries through the winter with rich red leaves. Leaves are bright green all summer. **Delivered.** Extra large, \$1.25 each. 3 for \$3.25.

LIGUSTRUM (EVERGREEN PRIVET)

BL16/10 WAX LEAF. *L. lucidum.* Best dwarf, large-leaved evergreen shrub. Leaves thick and dark shining green, making compact, dense growth. For foundation plantings, hedges and specimens. \$1.75 each. 3 for \$4.45.

BL17/10 JAPANESE *L. japonicum.* Large leaved evergreen for background and screen plantings. Very satisfactory. **Mail size 3 for \$1.25.** 10 for \$3.25. 25 for \$5.95. Postpaid.

FRAGRANT TEA OLIVE

(BL7/10) Osmanthus Fragrans

Southern Sweet Tea Olive. Superb evergreen of strong growth having clusters of tiny, very penetratingly fragrant, cream flowers during the fall months and during warm periods of winter and early spring. The sweet perfume penetrates to all areas around. One of the most desirable evergreen shrubs for all but the upper sections of the South. No home planting should be without several. \$1.95 each. 3 for \$4.95. 10 for \$14.95.

Nandina, \$1.25

BURFORD HOLLY

ORIGINATED IN ATLANTA

Red Berries All Winter—Most Beautiful of All

BL2/10 I. CORNUTA BURFORDI. Large, thick shrubs, hardy in the South. Leaves have one strong spine at tips and deepest glossy green. Large shining red berries. Handsomest of all broadleaf evergreens and finest of all Hollies for Southern plantings. A true variation of the spiny leaved Chinese Holly, originating in Atlanta where original plants still stand. Perfect shrub for foundation or specimen planting requiring little extra care or extra attention. Stands shearing for dense growth. **Choice, heavy 2 year container grown plants, \$1.95 ea. 3 for \$4.95. 10 for \$14.95. Delivered.**

OTHER HOLLIES FOR THE SOUTH

BL3/10 CHINESE I. cornuta femina. Heavy growth of richest glossy green. Leaves quite spiny. Red berries borne profusely. \$1.95.

BL4/10 JAPANESE I. crenata bullata. (Convexa). Dwarf, hardy evergreen shrub with curved leaves. \$1.95 each. 3 for \$4.95.

BL5/10 JAPANESE Ilex rotundifolia. Boxleaf Holly. Very useful dwarf shrub for foundation or group plantings. \$1.95 each. 3 for \$4.95.

BL1/10 DWARF HELLERI HOLLY. Very dwarf boxleaf holly for low foundations or group plantings along walkways. \$1.95. 3 for \$4.95.

AMERICAN TYPE HOLLY

BL6/10 SAVANNAH (Up to 12 feet). Beautifully foliaged and berried hybrid of American type Holly. Dense and compact. \$1.95 each. 3 for \$4.95.

PITTOSPORUM

BL19/10 P. TOBIRA. One of the choicest evergreens withstanding temperatures to within 10 degrees of zero when dormant. Ideal for foundation or specimen plantings. Stands heavy shearing \$1.95 each. 3 for \$4.95. Postpaid.

TRUE SOUTHERN MAGNOLIA

BL21/10 M. grandiflora. Leaves large, thick waxy dark evergreen. Flowers very large, highly perfumed, and pure white, followed by scarlet seed in cones. This is the famous tree that is a "must" for all good landscape design throughout the South and may also be grown in the more temperate parts of the East. **Delivered—heavily rooted 2 year trees, \$1.95 each. 3 for \$4.95.**

CE/10 PFITZER JUNIPER

SEMI-SPREADING FAVORITE
Prices Postpaid

J. chinensis pfitzeriana. Really handsome, the most useful coniferous evergreen and most popular of all spreading types. Branches are long, graceful and densely furnished with very dark green, plume-like foliage. This rich gray-green color is held in winter and is beautiful in its flowing lines, so desired in landscaping. It withstands severest pruning if it outgrows its location. Most frequently used for edging large plantings, for banks and as entrance markers for driveways and walks. Often used as specimen plant markers and in foundation plantings. It stands the smoke, soot and dirt of the city, being one of the few plants standing conditions at filling stations with their fumes from gasoline, grease and oil. It is a sturdy, hardy grower, most satisfactory for small and large plantings. The indispensable evergreen with many landscape uses. A true Southern favorite.

Extra heavy plants, \$1.65 each. 3 for \$3.95. 12 for \$12.95. Delivered.

Pfitzer Juniper
\$1.65 each

MOST BEAUTIFUL CLIMBERS

These are best in Middle and Upper South

T45/10. Pussy Willow. Delightful favorite for big fuzzy buds to force indoors. **\$1.95 ea.**

PLANTING, PRUNING, SPRAYING GUIDE

PLANT, PRUNE, SPRAY RIGHT FOR FINE FRUITS AND FLOWERS.

Planting too deeply is principle cause of failure. Hastings will paint mark planting depth on most kinds of fruit and pecan trees this season to help you.

APPLES AND PEARS. Planting and Pruning. Set trees 40 ft. apart. Plant young trees with strong roots. Select 3 buds or small branches a foot apart around trunk, lowest bud at height desired for lowest limb. Other buds and top or tip are cut out with sharp knife. If other branches develop, cut them off the following spring. As desired branches develop after the first year, select buds to retain as on the whip, pointing in different directions for balance. Keep other branches off by pruning close to limb or trunk. Besides, prune out all dead, diseased, weak branches and any which would interfere with more desirable branches each spring.

Spraying. For home orchards 4 or 5 sprays are needed each year to prevent fungus and insect infestations as follows. 1. Dormant spray. This delayed spray is made when fruit buds become silvery colored and before young leaves develop. Use Lime-Sulphur with addition of Malathion, as directed on packages, against scales, scab, red mite and aphids. 2. Pink bud spray. Use when fruit buds show pink color, DuPont Fruit Tree Spray for scab, codling moth, worms. 3. Calyx spray. Use when petals drop and before calyx closes, DuPont Spray as on package directions. 4. Use same spray 10 days later. 5. Same spray 15 days later. If only 2 sprayings are made a year, use numbers 1 and 3 as most important.

CHERRIES, PEACHES AND PLUMS. Planting and Pruning. Plant young trees 25 ft. apart and prune to 3 or 4 chosen buds or branches 8 to 12 inches apart on trunk and pointing in different directions to make balanced tree. Prune back the main stem above chosen top bud or branch. The second year, before buds swell, cut off all shoots not needed for the tree's framework, keeping tree rather low and open in center. After bearing begins, cut back new shoots in midwinter at least half way.

Spraying. The general program is 4 sprayings. 1. In winter use a strong Lime-Sulphur spray according to package instructions against leaf-curl and San Jose scale. 2. After petals drop and husks split from young fruits, use DuPont Fruit Tree Spray for scab, brown rot and curculio. 3. Repeat 15 days later. 4. Use DuPont Fruit Tree Spray 15 to 20 days later against scab and brown rot. Borers may infest trunks at or beneath the

soil surface. Examine for injury in June and September. Dig borers out with knife and wire. Use Special Borer Spray on and around trunks of affected trees about October 1st and as directed on package.

Keep fruit trees cultivated, pruned, sprayed and well fertilized and your rewards will be abundant.

BERRIES. Set 3 to 4 ft. apart. Blackberries and Dewberries should be pruned. Pinch off tips when about 3 feet tall to develop low branches. After fruiting, cut out old stems as they are through bearing and will die anyway. Pull up between-row suckers to prevent spreading out of control. If underside of leaves develop a bright orange rust, pull up plants and burn them. Burn any canes infested with borers. Spray with DuPont Fruit Tree Spray in summer and with DuPont Copper A. in winter as rust preventative.

Raspberries are pruned as for Blackberries. In early spring remove dead and weak canes and shorten long new canes, leaving 3 to 5 strong canes per plant to fruit each year. Main diseases, as with Blackberries, are yellows, anthracnose, orange-rust and cane-blight. Remove and burn diseased plants, as also for cane and root borers. Spray as above.

STRAWBERRIES. Planting. Space plants 12 inches apart on raised, heavily manured beds. Set with crown just above soil level, packing roots firmly. Soak thoroughly at planting. Pine straw is excellent mulch, protecting from cold and drought. Prune back runners to encourage best crops. Spray with Bordeaux Mixture for leaf spot and Malathion for insects.

GRAPES. (Vine and Bunch types.) Set Bunch grapes 8 ft. apart and Vine or Muscadine type 15 ft. apart. Fencing is recommended. Never cut in summer. Only prune while dormant, preferably in December. Very long, overgrown canes are usually sterile so cut them off at their bases. Reduce length and number of normal shoots, thickness of a pencil which will bear the next summer. Start training after second year, selecting 2, 4 or 6 canes from main stem in pairs to train horizontally, each cane restricted to bear 6 to 10

buds, according to its strength. Each bud should average 2 grape clusters.

Spraying. Black-rot is the worst disease and spraying for that usually controls most other diseases and insects. Plow under rotted fruit in early spring. Spray 4 or 5 times with DuPont Copper A—first when new growth is starting, second when new growth is about 10 inches long, third after blossoms drop, fourth 10 days later, and fifth 15 days later. Second and third sprayings should have added Malathion to control insects.

GARDENIAS-CAMELLIAS and other broadleaf evergreens. Pruning may be done generally after blooming or as needed to keep desired size and shape. **Spraying.** Florida Volck sprayed as needed for white fly and scale using care never to apply in very hot or very cold weather.

FLOWERING SHRUBS, FLOWERS. Pruning. After blooming is proper time to prune spring bloomers except disbudbing when desired for improved flowering habits. Summer bloomers are pruned rather severely in late winter to force new growth, the source of the new flowers. **Spraying.** Spray or dust with DuPont Floral Dust to control pests when necessary.

BOXWOOD. Prune as necessary to retain correct size and shape.

Spraying. Use Malathion in spring to control box leaf miner. Dust with sulphur in cool weather in summer or spray with MALATHION to control red spider (mites).

ROSES. Planting and Pruning. Set bush roses 24 to 30 inches apart, climbers 6 to 10 feet as desired. Plant with graft swelling just above soil level. Dig beds 30 inches deep, mixing abundance of rotted manure or rotted humus to hold moisture. Plant when weather is still cold. When buds swell noticeably in spring, bush roses are cut back $\frac{1}{3}$ to $\frac{2}{3}$ normal growth and all dead and diseased canes entirely. Later pruning is for training to desired size. Spring flowering climbers (HW) are pruned only after blooming is over, cutting back $\frac{1}{3}$ - $\frac{1}{2}$ normal growth or train to desired area and remove all dead and diseased canes. Cl H.T. roses are pruned less severely than bush roses.

Spraying. Weekly spraying or dusting with DuPont Rose Dust gives ample protection against black spot, mildew anthracnose, etc.

PROTECT YOUR PLANTINGS BY PROPER CONTROLS BEFORE INSECTS OR DISEASE START

DIXIE BRILLIANT CRAPE MYRTLE!!

The Most Brilliant Trusses of Watermelon Red Flowers all Summer

The pride of all
the Southland

Hastings'
Famous Dixie
Brilliant
Crape Myrtle

Large bloom
Head

The South's Favorite CRAPE MYRTLE

Guaranteed to Bloom

CRAPE MYRTLE (*Lagerstroemia Indica*.) Southern hardy favorite; heavy bloomer for specimen, lane, street and civic plantings. Magnificent, huge trusses of gorgeously craped blooms borne continually all summer. Plant in full sun for best color and largest flowers. Prepare soil well, adding humus and fertilizer (1/2 teacup per plant) and mix thoroughly. Mound soil over lower branches on young plants as they are set out. This makes them sprout more quickly and farther north gives better protection from severe cold.

Old plants should be severely pruned and fertilized well in early spring to force new growth upon which lovely blooms are formed.

For other varieties see p. 38

Dixie Brilliant Crape Myrtle

True Watermelon Red

Marvelous, new, richer, deeper watermelon-red and very prolific variety for home or civic plantings. It just blooms and blooms all summer and is, without doubt, our finest Southern flowering shrub. Many of our garden club and civic club friends use them for street plantings and we offer very special prices on the larger quantities.

POSTPAID PRICES

**(F525/10) RED CRAPE MYRTLE
NEW DIXIE BRILLIANT**

True Watermelon Red

1 to 1 1/2 ft. plants \$1.29 each. 3 for \$2.29.
5 for \$3.29. 10 for \$6.29. 25 for \$13.89.
100 for \$50.00. 250 for \$112.50. 500 for
\$200.00. Extra large plants, \$1.65 each.
6 for \$7.95. Postpaid.

Beautify Your Community SPECIAL MESSAGE To Garden Clubs and Others

Hastings recommends, unreservedly, your consideration of our famous Dixie Brilliant Crape Myrtles for highway, street and yard planting in all sections of the South. We supply thousands of these well rooted plants each year. They need only plenty of sun and fertilized soil for largest number of gorgeous trusses of rich watermelon red blooms all summer. They transplant easily, sprouting slowly the first spring but quickly thereafter. Soil mounded on lower branches at planting starts them more quickly.

See the low, low quantity prices for a most beautiful civic project for your club to distinguish itself for years to come! They are ideal for home plantings, of course!

Other Trees for Mass Planting!

ALL STRICTLY NURSERY GROWN TREES
For yard or street beautification
WHITE DOGWOOD

Flowering Dogwood

Cornus Florida. Native to all the South and breathtakingly beautiful early each spring. Many cities are becoming famous for their thousands of sparkling white dogwoods and which make such great attractions for visitors and home-folks as well.

T5/10 SPECIAL DOGWOOD PRICES—POSTPAID
Two foot nursery grown trees (not worthless trees gathered from the woods.)

Post Paid

10 trees for \$2.95. 25 trees for \$4.95. 100 trees for \$15.95. 500 trees for \$75.00.
(Write for even larger quantity prices if interested)

See page 43 for other yard trees.

REDBUD OR JUDAS TREE

REDBUD IN EARLY SPRING

Cercis Canadensis. Another tree native to the Southland. 15 to 20 ft. tree with hundreds of small carmine pink flowers along the many branches in early spring, beginning slightly earlier than dogwood but most effective at the same time. A wonderful companion planting with dogwood. The flowers are followed by delightful heart-shaped leaves, making very cooling shaded areas all summer.

T8/10 SPECIAL REDBUD PRICES—POSTPAID
Two foot nursery grown trees (not worthless trees gathered from the woods.)
10 trees for \$2.75. 25 trees for \$4.75. 100 trees for \$14.95. 500 trees for \$69.50.

Asexual reproduction of the Hastings Pecan is prohibited except by written contract permission of H. G. Hastings Co.

WORLD'S BEST PATENTED PECAN

**Huge Leaves
For Superior Shade**

**More Meats Per
Pound of Nuts**

**QUALITY NUTS
and**

SUPERB SHADE

**NOW 46,000 TREES SOLD
SINCE 1955!**

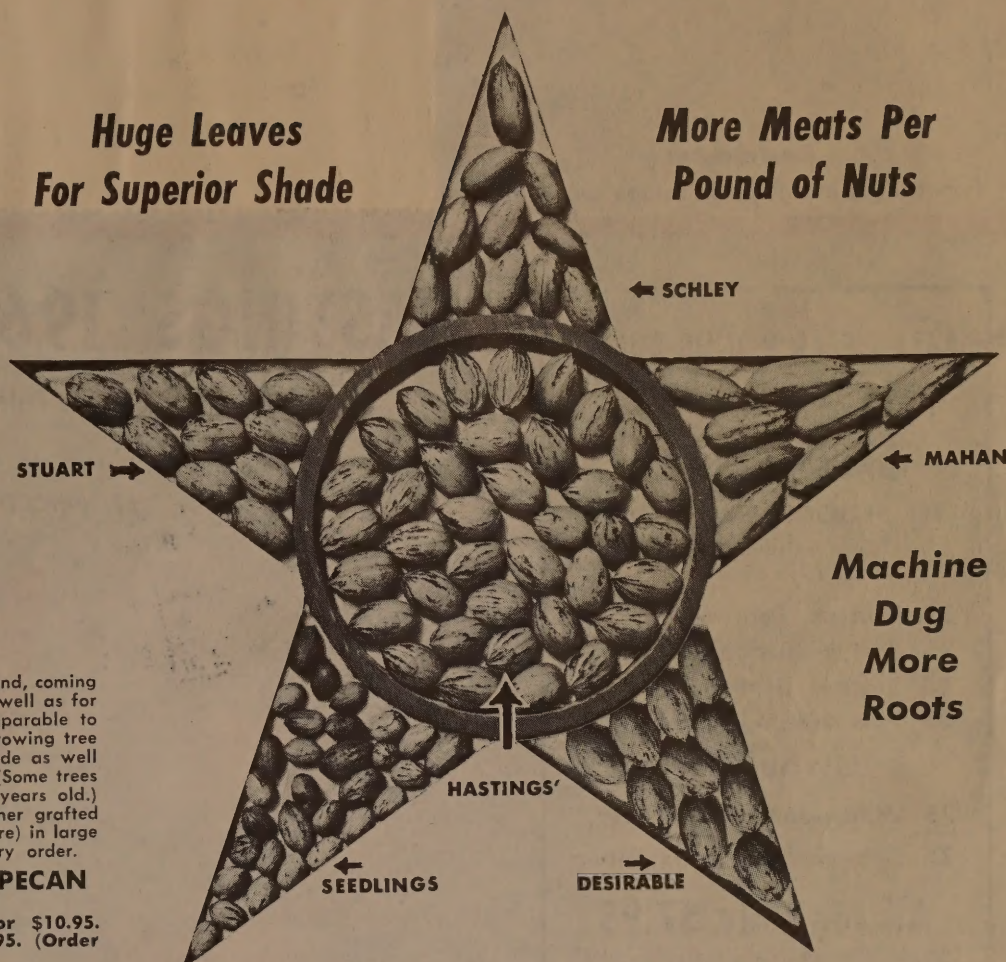

1. Excellent Flavor.
2. Fingernail Thin Shells.
3. Bears Quickly.
4. Abundant Crops.
5. Superb Shade.
6. Every Tree Grafted True.
7. More Meats per pound of Nuts.
8. More roots (Dug with \$35,000 digger)

Shells so thin they may be easily cracked by hand, coming out whole or in halves for ideal table use as well as for commercial purposes. Quality and flavor comparable to Stuart, from which it came. Rapid, vigorous-growing tree with rather large foliage to make superb shade as well as good crops of nuts. Bears in 4 to 6 years. (Some trees in nursery have produced nuts when only 3 years old.) Treat the HASTINGS' PECAN the same as other grafted varieties, with spacing 60 x 60 (12 trees per acre) in large plantings. Planting instructions sent with every order.

N9/10 GENUINE HASTINGS' PECAN

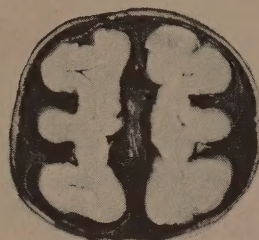

DELIVERED PRICES

Heavily rooted trees, \$3.95 each. 3 for \$10.95. 6 for \$19.95. 12 for \$37.95. 25 for \$74.95. (Order early, supply limited.)

OTHER POPULAR PECANS FOR THE SOUTH—ALL MACHINE DUG WITH MORE ROOTS

N6/10 STUART PECAN. Nuts large, oblong. Shell is medium thin and of very good cracking quality. Kernel is full, plump and bright in color. It is a heavy bearer and is about the best paying variety of all. Good quality. Quite hardy. Excellent to grow farther north.

NB/10 SCHLEY PECAN. Nuts medium to large, 1 1/2 to 1 7/8 inches long, oblong, somewhat flattened and light reddish brown in color. Thin shell separating easily. Finest quality.

Prices include delivery charge prepaid.

N11/10 DESIRABLE PECAN. Large nuts. Thin shells crack easily and usually are well filled. U.S. Dept. Agric. release. Early. Productive. One of the top new commercial varieties.

N4/10 GIANT MAHAN. Longest of all pecans, nearly double size of others. Good quality thin shells and fills out well on good, moist land. A favorite in the middle and lower South with plenty moisture and long season.

DELIVERED PRICES

PRICES — LIVEWELL PECAN TREES — PRICES
(Except Hastings Patented Pecan) Planting Depth Marked on Each Tree. **DELIVERED** — 2-3 feet grafted trees, \$3.50; 3 for \$9.95; 6 for \$18.95. 12 for \$34.95. Set trees 60 feet apart—12 per acre. (Dig holes large and deep for success).

NC/10 SPECIAL COLLECTION INCLUDING PATENTED HASTINGS' PECAN, DELIVERED TO YOU FOR \$14.95

Although the supply of good pecan trees is always short of demand we do have a number of grafted, vigorous young trees (more easily transplanted than larger trees) and offer, for early order only, one choice 2 to 3 foot trees each of all five superb varieties —the newly patented **HASTINGS' PECAN, Stuart, Desirable, Schley and GIANT MAHAN**—delivered postpaid for \$14.95. (A \$17.95 value—you save \$3.00.)
